

name に「実」が含まれているレコードを表示(部分一致の修飾語句を追記する)

The screenshot shows a MySQL command prompt window titled "XAMPP for Windows - mysql -u hori -p". The prompt is "MariaDB [GEEKJOB_db]>". The user has entered the query "SELECT * FROM profiles WHERE name LIKE '%実%';". The results are displayed in a table format with columns: profilesID, name, tell, age, and birthday. There are two rows of data: one for ID 1 (田中 実) and one for ID 3 (鈴木 実). The prompt then shows "2 rows in set (0.00 sec)" and the user is back at the "MariaDB [GEEKJOB_db]>" prompt.

```
